VOIP OFFICE
COMMUNICATE FREELY

SAY GOODBYE TO SIM CARDS ADAPT CLOUD PRI FOR YOUR DOMESTIC CALLING BUSINESS!
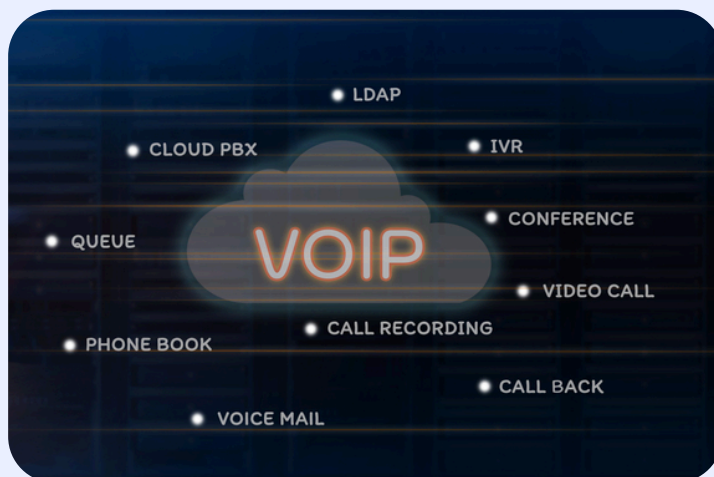

www.voipnetworks.in

What is Cloud PRI?

Cloud PRI (Primary Rate Interface) is a telecommunications standard that allows businesses to transmit multiple data, video, and voice communications across a single line for domestic calling (within India)

Why choose Cloud PRI?

- Excellent voice clarity
- Flexible for growing businesses
- Secure and uninterrupted service
- Budget friendly

VoIP Office Go App for Mobile & Desktop

Key Features

Enjoy all the benefits of VoIP through user-friendly, VoIP Office Go app. Track productivity, manage calls, and stay connected across India.

Call Management and Monitoring

Monitor all calls across your business. Record calls and analyze data for better insights.

↗ B2B Business Application

Ideal for industries like **staffing, healthcare, recruitment, IT, automotive, hospitality, and more.** Effortless local and domestic business calling.

↗ CRM Integration

Improve your workflow with hassle-free CRM connection.

↗ Advantages Over Traditional Systems

- **No Hardware Needed:** Say goodbye to your PRI cards or EPBX systems.

- **100% Cloud-Based:** Easy setup without office hardware requirements.

- **Growth Potential:** Expand your business without adjusting existing systems.

- **Compliance Approved:** Department of Telecommunications and Telecom-certified solution.
